PHARMACEUTICAL REPRESENTATIVE PRESENTATIONS

Any presentation by pharmaceutical representatives to Internal Medicine housestaff at the Medical University of South Carolina during Morning Report or any other conference must adhere to the following guidelines:

1. Presentations must be limited to no more than three minutes.
2. Only pre-printed company material may be used to present information.
3. Overheads, slides, and Powerpoint presentations are not allowed.
4. Articles from peer-reviewed journals may be brought to the attention of the audience, but data may not be presented. Reprints may be offered. All articles offered may be reviewed in subsequent meetings by the faculty in objective sessions without the representative present.
5. Pharmaceutical representatives may not provide food.
