Title of Abstract

Participant's Name, Title, Division, and Department of Medicine Affiliations

Introduction: Importance of research topic. An introductory statement (thesis) explaining the reason for the research, or a statement of the problem. The final sentence of the introduction describes the purpose of the research or the priori hypothesis.

Methods: What approaches were used? Describe how you went about solving the problem or exploring the issue identified in the introduction.

Results: What did you find? This section should list the results or outcomes of the work you have done so far.

Conclusion: What did you learn? Give a brief statement of the project's implications and contributions to its field.

Type of Project: (clinical or basic science, epidemiology, etc.)

Mentor's Name: Name and title

As a reminder, here are the Abstract Word Document Guidelines:
- Abstract Length: Approximately 300 words. No more than 1 page.
- Abstract must be submitted as a Word Document. Please make sure it is the final version (no track changes showing).
- Style/Font: Arial 11
- Abstract should be structured in the following sections:
  - Abstract Title
  - Participant's Name (include Title, Division, and Department of Medicine Affiliation)
  - Introduction
  - Methods
  - Results
  - Conclusion
  - Type of Project
  - Mentor's Name
- If you submit an abstract and are affiliated with the Department of Medicine, you may be asked to present as an oral presenter.
- Presenting authors may submit **one abstract only**.

Abstract Deadline: February 28, 2025, by 5 p.m.
