POWERFUL CONNECTIONS

INTRODUCING MARVEL CI

Dear Hearing Health Care Partner,

For over 25 years, Advanced Bionics has been the cochlear implant innovation leader. Now, in close collaboration with Phonak, the global leader in hearing care, we are thrilled to bring the highly successful Marvel hearing aid technology to your cochlear implant candidates and patients.

Together with a game-changing fitting software designed to suit your busy practice, we're confident that our new product offerings will help you and your patients open a new chapter of success.

Welcome to the world of powerful connections.

TARGET CI

DESIGNED FOR **EASIER, FASTER, SMARTER FITTING**

You want to spend more time with your patients than you do with the software. You are looking for a smarter fitting tool that offers the latest technology to deliver patient comfort and satisfaction. The new Target CI is the efficient, intuitive, and cutting-edge fitting software you've been waiting for.

- Sound processor and bimodal hearing aid fitting with one software in one session
- Noahlink Wireless compatibility means freedom and flexibility during programming
- Noah database compatibility facilitates easy management of patient data
- User-centered design and default settings, including Junior Mode for children, optimized for CI patients
- Training mode replicates complete patient fittings to help you learn the software

CONNECT WITH THE MOMENTS YOU LOVE

SKY CI M

THE **WORLD'S FIRST CI SOUND PROCESSOR DESIGNED FOR CHILDREN**

We want to give our children the world. As they grow, they should hear their best whether at home, at school, or on the playground. The Sky CI™ M sound processor offers your pediatric patients the proven technology platform from the world's leading pediatric hearing aid in the market, Phonak Sky.

- **Connectivity** to virtually any smartphone and RogerDirect for streaming all day at school and at play
- **AutoSense Sky OS™ 3.0 operating system** designed with pediatric listening situations in mind
- **Small waterproof battery** is swim class or bathtub ready
- **Wearing options** customizable to a growing child
- **Child-preferred colors** designed for higher acceptance
- **AB Remote app** provides convenient and discreet management of hearing devices

NAÍDA CI M

BRINGING THE **BENEFITS OF PHONAK MARVEL TO CI WEARERS**

Naída™ CI M sound processor offers your patients a powerful hearing experience with excellent sound quality in a variety of situations and built-in connectivity solutions. It provides effortless comfort and convenience with its ergonomically designed housing and accessories, and ultimate ease of use for staying connected throughout the day.

- **Built-in connectivity** with Bluetooth® and RogerDirect for streaming all day and hands-free calls
- **AutoSense OS™ 3.0 operating system** minimizes the need for manual adjustments
- **Optimized bimodal performance** with Naída CI M and Naída Link M
- **Unique ergonomic housing and slim headpiece** for a comfortable and secure fit
- **AB Remote app** provides convenient and discreet management of hearing devices
