The ABCs of Maxillofacial Prosthodontics Medical & Dental Billing

Medical University of South Carolina | Otolaryngology – Head & Neck Surgery

March 8, 2019

This one day course is designed for dentists, prosthodontists, oral/maxillofacial radiologists and maxillofacial prosthodontists to review medical and dental billing for medically necessary dental treatment including: general dentistry, prosthodontics, radiology (including cone beam technology) and maxillofacial prosthodontics.

The afternoon session is hands on to include the patient experience from the first visit all the way through treatment with emphasis on medical form completion and discussion on the role of the clearing house.
