How does a busy clinician stay current in our rapidly expanding specialty?

Our 11th Annual Literature Update Course is designed to help!

- Expert critical assessments of over 100 of the past year's most relevant, current evidence-based publications
- Lectures and discussions that will evaluate best practices and strategies for how to translate the evidence into practice

Our faculty members will cover the specialty in 15 lectures over two half days with emphasis on the “pearls” important to your practice. We hope you will join us in a beautiful location along the South Carolina coast or online this July!

Credit Designation

The Medical University of South Carolina designates this live activity for a maximum of 12.25 *AMA PRA Category I Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
