The Medical University of South Carolina | Otolaryngology – Head & Neck Surgery

The Charleston Pharyngoesophageal Manometry Training Program

A Virtual Live Streaming Interactive Event!

January 15 - 16, 2021

This two half-day introductory/intermediate program, designed for speech language-pathologists, laryngologists, and otolaryngologists, will consist of didactic sessions to introduce participants to the basics of pharyngoesophageal high-resolution manometry (HRM). Case based examples will serve to expand participants' understanding of the clinical applications of HRM. Both pharyngeal and esophageal examinations will be covered. We will focus on the diagnostic and therapeutic capabilities of HRM as well as protocols for pharyngeal dysphagia patients.

Registration

For registration or information contact Julie Taylor
