What's the buzz?

Please email us citations for articles, books, etc. from the past year, photos from presentations, news you'd like to share (had a baby, moved to a new job, got married, etc.), research you're doing, and anything else you can think of that would be of interest to MUSC Radiology Alumni. We look forward to hearing from you!

Catching Up with You

Dr. Pal Suranyi

Class of 2011 Diagnostic Radiology

Dr. Pal Suranyi is currently on the faculty in MUSC Radiology. Dr. Pal Suranyi was recently elected to Fellowship in the North American Society for Cardiovascular Imagers (NASCI).

He also took a January 2019 trip to Tanzania where he was able to scan 3 actual patients with exquisite

image quality on the 1.5T MRI scanner, at MOI (Muhimbili orthopedic institute), and further improved relationships with that radiology department. He continued our collaboration with Muhimbili Radiology and with Mloganzila Hospital (about 2 hours away). He set up a cardiac imaging interest group on Whatsapp, where all members will be getting continuing education every week or so. This also serves as a lifeline for them, in case there are some crazy cardiac cases that they need help with. Additionally, he held some radiology lectures in MUHAS (Which is the Medical University), and he two lectures at JKCI, one on post PCI and CABG CT imaging and one on prosthetic valve imaging (MRI and CT).

Dr. Donna Roberts

Class of 2004 Diagnostic Radiology

Dr. Donna Roberts is currently on the faculty in MUSC Radiology. She is featured in the MUSC Catalyst volume 6 for her studies about brain conditions related to long-term spaceflight. Dr. Roberts co-authored an editorial titled Studies of Hydrocephalus Associated With Long-term Spaceflight May Provide New Insights Into Cerebrospinal Fluid Flow Dynamics Here on Earth which JAMA published on Jan. 23. She was also a presenter at TedxCharleston: CURRENTS on April 10th.

Reggie Munden

Class of 1994 Diagnostic Radiology

Marthe Munden

Class of 1992 Diagnostic Radiology

"Marthe and I are proud to announce that we are grandparents. Our granddaughter, Daisy James, arrived December 6. She is named after her maternal grandfather, David, and our late son, Jamie."

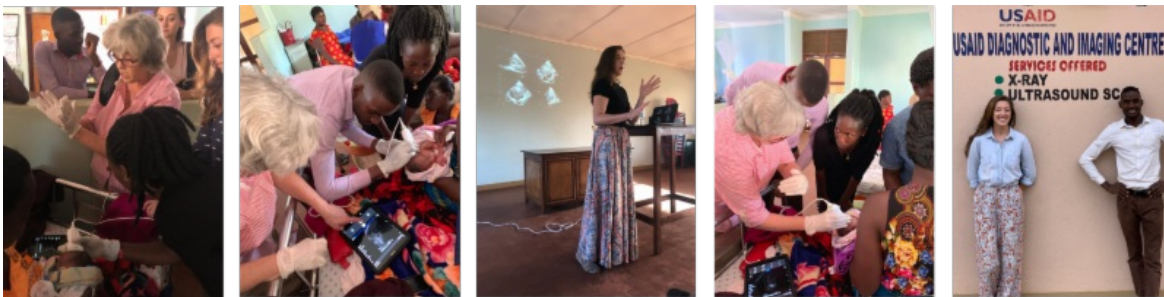

Reggie Munden, MD, DMD, MBA, Chair, Department of Radiology, has been appointed to the Radiological Society of North America's (RSNA) Research and Education Foundation board of trustees. The Radiological Society of North America (RSNA) is a non-profit organization with over 54,000 members from 136 countries around the world. It provides high-quality

educational resources, including continuing education credits toward physicians' certification maintenance, host the world's largest radiology conference and publish two top peer-reviewed journals: Radiology and RadioGraphics. The RSNA Research & Education Foundation consist of a 12-member board is made up of medical professionals and has funded \$60 million in grants since its inception.

Dr. Jeanne Hill

Class of 1993 Diagnostic Radiology, Class of 1995 Pediatric Radiology

Dr. Jeanne Hill is currently on the faculty in MUSC Radiology. She, along with current MUSC Radiology Resident Dr. Lara Hewett, participated in the Global Health elective in Uganda in February 2019, continuing MUSC Radiology's collaboration with the radiographer and clinical staff at Masindi-Kitara Medical Center. While they were there, they taught the sonographers how to perform neonatal head ultrasounds, set up a Google Drive repository for teaching materials and resources for the clinicians, and organized a teaching file of all ultrasound cases since 2016. They also managed to fit in a little sight seeing!

The Center for Global Health here at MUSC seeks [donations](#) to help MUSC faculty, residents, fellows, staff and students interested in global health further their research, education and training projects. If you are interested, visit the [MUSC Center for Global Health web site](#).

Dr. Mike Hanley

Class of 2011

Diagnostic Radiology

Dr. Mike Hanley visited us at MUSC on April 3rd to present a Board Review of chest

cases for our 3rd year residents, who are preparing for the upcoming Board exams. Mike currently works at the University of Virginia and serves there as the Diagnostic Radiology Program Director and the Section Head of Thoracic Imaging.
