

MUSC Global Surgery Program

12.10.2024 / TUESDAY / NEWSLETTER NO. 15

3rd annual #Hungry4GlobalSurgery Fast

This year, our program hosted its 3rd annual fast to support our international partnerships and program's mission.

Resident Journal Club

Last month, residents gathered to discuss relevant global surgery literature.

We're Published!

Our program is happy to announce the publication of 2 new papers!

3rd Annual #Hungry4GlobalSurgery Fast Recap

On November 25th, we hosted our 3rd annual #Hungry4GlobalSurgery Fast which supports MUSC Global Surgery's growing partnerships with physicians in low-to-middle-income countries (LMICs). Participants were encouraged to donate what they would have spent on food during the day, with 100% of the proceeds going towards strengthening our international relationships in Kenya, South Africa, and Ecuador. We were thrilled by the huge turnout with attendees from multiple interdisciplinary faculty, residents, students, nurses, as well as community leaders and members from **College of Charleston** and **Porter-Gaud** among others. We are deeply grateful to **BD**, who sponsored the event, and to all who encouraged others to contribute through our website to further our mission of improving patient care locally and abroad.

Global Surgery Resident Journal Club

Last month, our program hosted its first journal club for surgery residents. This event provided an opportunity for attendees to engage in meaningful dialogue about global surgical challenges and solutions. A special thank you to **Kerecis** for sponsoring the dinner.

We're Published!

This fall, members of our program contributed to two globally relevant publications! See our website for more.
