What participants are saying...

Overall the conference was well organized and well executed, and Kiawah Island was a beautiful vacation site.

My favorite meeting each year I have attended, with a superb cost/benefit ratio.

This is such a great course!
Filled with useful pearls.
Represents all specialties well for general ENT.

Very good topics and relevant to my practice.

Very helpful; learned something in each lecture.

Conference Overview

The MUSC Department of Otolaryngology – Head and Neck Surgery is proud to present our 13th Annual Literature Update Course at the Kiawah Island Golf Resort, SC as well as virtually on August 16 -17, 2024.

How does a busy clinician stay current in our rapidly expanding specialty? The literature is replete with new or refined diagnostic procedures, operative interventions and treatment algorithms. It is a difficult, if not at times bewildering, task to digest this information.

This course is designed to help. Our faculty members are charged with reviewing last year's literature in their subspecialty, and then choosing the six to eight best articles for critical review. To be considered best, we are especially looking for seminal works and those with a strong evidence base. Importantly, the manuscripts must have significant applicability to every day clinical practice.

The specialty – head and neck cancer, FPRS, otology-neurotology, endocrine disease, sleep disordered breathing, allergy, rhinology-sinus disease, voice and swallowing disorders, and pediatric ENT will be covered in 20 lectures. You will receive a list of all articles reviewed and the presenters' presentations.

In two days, over 100 manuscripts will be reviewed, and those "pearls" important to your practice will be emphasized. I believe that there may be no better way to stay current in our field than with this Literature Update Course. I hope you will join us in a beautiful location along the South Carolina coast or virtually this August.

**10% discount for any larger villas, private homes or Sanctuary rooms.*

Educational Needs

The educational content will address identified professional practice gaps in order to improve professional and/or patient outcomes. Practitioners can benefit from:

- Presentations of findings from expert critical assessment of the most relevant, current evidence-based medical literature.
- Expert lectures and discussions to evaluate best practices and strategies for how to translate the evidence into practice.

Objectives

Upon completion of this conference, participants should be better able to:

- Reference the most relevant, current evidence-based medical literature to optimize treatment options for patients.
- Translate new research and best practices from evidence-based medical literature into clinical practice.
- Apply the most current diagnostic and therapeutic approaches to their patients, based on evidence-based research.

Credit Designation

The Medical University of South Carolina designates this live activity for a maximum of 11.75 *AMA PRA Category I Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation Statement
