### Awarding Scholarships

Scholarships are awarded based on both financial need and academic merit. After reviewing your academic record and your financial indebtedness, the Scholarship Board will determine the most appropriate scholarship for you.

**Approximate amount of educational indebtedness for 2018-2019** \_\_\_\_\_

This includes undergraduate educational debt, also. For example, if you plan to borrow \$40,000 for the upcoming year and you have \$25,000 of educational debt from college, you would list \$65,000 as your educational indebtedness.

### Other Considerations:

Please discuss **briefly** any factors that affect your financial aid or ability to pay for medical school in the space below. The Scholarship Board will not have your AMCAS application. Please attach a resume if you wish to highlight extensive research, leadership, or volunteerism.
