Attn: Program Coordinator
171 Ashley Avenue- EL 200A
MSC 170
Charleston, SC 29425
3. **Email** – seniormentor@musc.edu

Senior Mentor Program Participation Agreement

You are invited to participate in a Senior Mentor Program, conducted by the Medical University of South Carolina. In order to participate, you must be 65 years of age or older and living in the Greater Charleston, South Carolina area.

The Senior Mentor Program is designed to help acquaint the medical students to older adults. It is our belief that this will help *promote positive attitudes* towards caring for older adults. Being a Senior Mentor means that you are volunteering to meet with one or two medical students approximately twice per year for the duration of their 4-year medical school experience, as long as you are well and able. During these meetings, you will be asked to assist your student(s) in completing the following assignments:

- ✓ **Year 1** - Physiology of Aging, Medical History and Relationship/Intimacy Review
- ✓ **Year 2** - Nutritional and Pharmacological Assessment (you will be asked to complete a nutrition & exercise log and allow your students to view your prescription and over-the-counter medications)
- ✓ **Year 3** - Fall Risk Assessment and a Life Review
- ✓ **Year 4** - Advanced Care Directives

Your voluntary participation will be an invaluable contribution to the medical students' geriatric education. There is no payment or any other means of compensation for participation in this program. Should you decide not to participate, this will not be held against you in any way. In addition, either you or the Medical University of South Carolina can terminate this agreement at any time. If you wish to receive any further information or have questions about this program, please call the Program Coordinator at (843)792-0460. A copy of this signed form will be provided to you. Thank you for your cooperation and willingness to participate.

I agree to participate in the Senior Mentor Program. The nature and purpose of my participation have been fully explained to me and I completely understand both.
